

产品特点 Product Features

产品使用的全部原材料都符合食品卫生标准，其使用的锡银焊料和化学镀镍工艺，都不含对人体有害物质和重金属离子，冰盘焊接牢固不脱焊、镀层不脱落、不变色、耐腐蚀性好、制冰上下均匀、制冰脱冰速度快，效率高、使用寿命长等优点。

All raw materials in our products are up to the food health standards. The tin-silver based solder and electroless nickel plating on our products don't contain any harmful substances and heavy metal ion. The soldering of our product is solid. Plating is corrosion resistant and doesn't flake or discolor. Ice making is even at different part of the evaporator. It's fast to make and harvest ice. Our products are very durable.
